It All Starts with Our Mindset

Our mindsets determine the quality of our lives, whether we recognize their influence or remain oblivious to it. Our mindsets influence our decisions, drive our actions, and craft our future. Throughout the week, students will learn the 7 Mindsets and how to apply them to their lives.

The 7 Mindsets are research-based ways of thinking of the world's most happy and successful individuals. They empower students to replace unhealthy thoughts with empowering beliefs. As a result, students develop a deeper sense of connection, hope, resiliency, and passion.
